Final thoughts:

- **Bring a variety of looks**
  Consider both formal items and more casual clothing items. What highlights your personality?
- **Know your yearbook requirements**
  Although we are knowledgeable about most in the area, requirements are constantly changing from year to year and we want to make sure you're in your senior yearbook!
- **Feel free to bring props or other items that express your interests**
  This is about you and your photos should reflect that!
- **Avoid white shirts and tops**
  White tends to wash out faces. If you want to wear a white top or shirt consider adding a blazer, cardigan or other type of jacket with it.
- **Please notify us any location requests at the time of booking**
  We want to make sure that we're allowed to photograph at the destination you choose and this gives us time to work to get proper access.
- **Consider doing appearance changes no less than a week prior to your session**
  Whether that's getting your hair cut or anything similar, this gives you time to evaluate, as well as time to make changes prior to your session.
- **Relax and have fun**
  This shouldn't be a stressful experience. If you're enjoying yourself, you're photos are going to be better! We want you to have a postive experience!
- **Feel free to reach out to us!**
  Whether it's questions about your session, what to wear, or ideas for your shoot–feel free to drop us a line!
